

**REMARKS:**

In response to the Restriction Requirement, the applicants hereby elect Group IV, namely process claims 30 and 31. New claims 33-37 have been added to this application, and those claims are also drawn to a process for preparing pramipexole. The non-elected claims have been cancelled without prejudice to the filing of one or more divisional applications directed thereto. Accordingly, all of the claims remaining in this application, namely claims 30, 31 and 33-37, encompass the elected invention.

Early and favourable action on the merits is awaited.

Respectfully submitted,
